McKenzie overpass bridge 20 miles east of Bismarck closed until further notice

The McKenzie overpass bridge on county road 275th Street NE which crosses I-94 approximately 20 miles east of Bismarck at mile point 179 is closed until further notice due to structural damage caused by a vehicle hitting the bridge. Motorists must utilize an alternate route until repairs can be made to the bridge. This is an overpass bridge located between the Sterling Interchange at exit 182 and the McKenzie Interchange at exit 176 on I-94. In addition, the driving lane on westbound I-94 near the bridge will be temporarily closed due to the incident.
